SIDEWALK HEARING.

Small Attendance of Citizens-200 Miles of Walks Involved.

The official sidewalk committee, comprising Alderman William A. Dawson, chairman, Alderman A. L. Gelinas, Attorney Thomas J. Kelley, Town Clerk Frank Fenton and Fred D. men.

The big proposition, which is without question the biggest that has confronted the city since its incorporation, embodying as it does the question of districting the city deciding upon suitable materials and requisite specification for laying 200 miles of sidewalk, was informally discussed from many of its varied and perplexing phases. Among the citizens present phases, Among the citizens present to express their ideas were Messrs. Vanderman, Bath, Hurley, Jones and Lyman. Members of the committee talked freely upon the problem. Re-grets were expressed by practically all present at the small number of citizens extending.

all present at the small number of citizens attending.

Mr. Kelley took occasion to take a shot at the original sidewalk agitators for their negligence in not being on hand when duty called. Not one of the prime movers was present.

It was decided that mem'rs of the committee should visit other cities in paits or singly, ascertaining the most advantageous ways for the city to conform in this matter with the recent new amendment to the city to charter, relating to sidewalks. They are to hold another public hearing to acquaint the citizens with their findings before to any final action.
